FILING OF CORRECTED AMENDMENT UNDER 37 C.F.R. §1.121

This Submission responds to the Notice of a Non-Compliant Amendment sent August 11, 2006. The Notice under 37 CFR 1.121 states that only the corrected section needs resubmitted. This Submission therefore contains the now compliant amendment to the claims and some additional remarks. These remarks supplement and do not replace the remarks submitted 4 April 2006.

Applicants wish to draw two items to the Examiner's attention.

1. Changes from the Non-Compliant 4 April 2006 Amendment have been made to claims 27 and 81. These changes are primarily formalistic and explained in the remarks of this Submission.

2. Additional remarks are being entered to explain the changes from the 4 April 2006 Amendment.

The Examiner is respectfully requested to amend the claims in above-identified patent application without prejudice as follows:
